### Student Selection

Student selection is of great importance. We are offering an elite hockey program to regular hockey players so the students are not required to have a high level of expertise to be accepted in the program.

### Attendance

Students enrolled in the hockey academy are expected to attend school and the academy unless we are notified of illness or unforeseeable circumstances.

### Behavior

Classroom and school ground behavior will be a huge consideration for acceptance in this program. Students are expected to act in a safe manner at all times. A code of conduct will be distributed and read to each member of the academy at the beginning of the year and the students and their parents/guardians are required to sign this Code of Conduct and adhere to it.

### Academics

Students will be expected to maintain high academic standing (to the best of their ability) and their work habits will reflect their commitment to this.

### Individual Desire

Students in the Academy value the opportunity to be part of this unique program and will strive to maximize both their academic and hockey potential. Prior to being admitted into the academy applicants may be interviewed by the head coach, Mr. Craig Didmon and/or the principal, Mr. Carl Repp.

*\* Analysis of attendance, behavior, and academics will be based on the student's performance during the 2009/2010 school year.*
